Speaker: Kool Mix Asphalt

Michael Des Jarlais & Karen Hyatt gave a presentation on Kool Mix Asphalt:

Kool Mix Asphalt is an innovative, environmental friendly product that is revolutionizing the asphalt repair industry by improving efficiency, safety, sustainability and the carbon footprint left by the previous repair process.

This patent pending mixture of polymer (rubber), modified asphalt oil and vegetable oil creates a permanent patch that works for both asphalt and concrete repair. Kool Mix Stays where it's laid because it uses the same rock that is used in hot mix asphalt and has a tested flashpoint of 610 degrees. This creates a stable fix that has not been seen before and prevents oil run off that pollutes our water stream by escaping through the storm drains. For more information on this product check out their website -

OLD BUSINESS:

Damage Prevention Board:

Temporary rules have been approved by the Governor and as of September 1st these rules are in effect. Damage complaints can now be filed, a form is available on line. One thing that you must do to make the complaint valid is you must notify the person you are filing the complaint against that you have filed the complaint. Copies of the temporary rules are also available on the Damage Prevention Boards website.

2017 Project List:

If you have any information on 2017 projects please provide that information to our council e-mail at kootenaicountyutilitycouncil@yahoo.com. This information will be posted on our KCUC website.

IUCC Meeting:

The next State meeting will be held Sept. 7th & 8th in Lewiston, all are welcome to attend, if you have something you would like brought up at the meeting let Bruce Hathaway or Bob Chandler know and they will present it at the meeting. A report will be given at our October meeting.
